Had Alleged Sex-Murderer Of Ontario Girl

MONTREAL, Sept. 26. — (CP) — A slight, 22-year-old Regina man who admitted he had been hospitalized as a "psychopathic personality" while in the armed services, was held by Montreal police today as a suspect in the sex-murder of 11-year-old Betty Playford of Owen Sound, Ont., and the Montreal Herald in a copyright story said the man signed a statement in the paper's office that he was the killer.

THE HERALD identified the man as Fred Bussey.

Detective-Capt. George Allan

OWEN SOUND, Ont., Sept. 26. — (CP) — Police Chief T. H. Carson said today he had "good reason to believe" that the suspect held in Montreal, was the sex-murderer of Betty Playford.

He said that "a lot of checking has to be done on his story by the Ontario provincial police."

The only possession carried by Bussey when he walked into the Herald office last night and signed a statement were discharge papers and a booklet of typed notes for correct living which he said had been prepared by his mother.

In the statement he said he alone was responsible for the sexual killing of the Owen Sound child.

Inspector Wilfred Bourdon told the Canadian press the man had

Had No Licenses, 7 Agents Fined

Seven insurance agents representing two Arizona firms who refuse to take out a provincial license have been fined \$200 each for operating illegal insurance, an announcement by R. M. Moore, provincial insurance superintendent, said Friday.

Services of the agents are recruited by advertisements in newspapers, and agents often elude the job without obtaining information as to the legal status of the firms in this province, Moore said.

Other provinces are having the same difficulty with the two firms, who do not answer letters from provincial authorities, pointing out their conduct is illegal in this country is illegal. The firms also manage to evade Dominion revenue laws by not paying taxes from the mails.

The public is warned against taking out insurance from unlicensed firms.

Says War Is Disease; "Fight It in Open"

By Jack De Long

War is a disease and like smallpox or tuberculosis the United Nations organization is striving to eliminate or restrict war and should have the force and power necessary to enforce the law among nations.

THE FORGONE were among the significant observations made at a farewell press conference Friday by Maj. Gen. F. W. Worthington, C. M., M.C., Ed., commander of Western Desert Forces, who terminates 33 years of army service next Monday.

The veteran soldier who commanded the 4th Canadian Armored Division in the Second Great War and who won both the Victoria Cross and Military Medal for gallantry in the First Great War said that war, which he knows so much, should be treated just like a disease.

"I can remember the time when people talked in whispers about tuberculosis. This disease is frank about such diseases and learn how to live with and restrict them as a result. In the United Nations the case is the same. It is a disease and it must be treated as such."

"We must study and means of eliminating and restricting the disease of war. There is no shaking fists and shouting threats at each other," he said.

He recalled how wars have been prevented in the past under the Pax Britannica and the

Fire Again Starts To Ration Coal

DUBLIN, Sept. 26. — (Reuters) — Ireland's first domestic coal ration since 1940-41 was introduced today for October and November—was announced last night by the government.

The rationing of coal was announced as a result of a shortage of coal for the same period.

To Visit City

Frederick Gordon Belcher, assistant general manager of the Bank of Montreal for the prairie provinces, British Columbia and the Yukon, who is visiting a number of the bank's western branches and Alberta head, tomorrow leaves for St. John's, for a three-day stay. Mr. Belcher, who left Montreal last Saturday, is on a month's western tour. Before his appointment as an assistant general manager in 1942, he served for many years with the bank in the West. On Monday evening, he will leave here for Calgary to doubt his trip.

THE HERALD identified the man as Fred Bussey.

Detective-Capt. George Allan

Constables Killed in Daring \$150,000 Robbery

By EDWARD CURTIS

JERUSALEM, Sept. 26. — (AP) — A band of Hebrew-speaking gunmen killed four British constables in the busy streets of downtown Tel Aviv today during a daring armed car robbery which netted the robbers \$150,000.

They took \$800,000 from the constables' car outside Barclay's Bank but dropped one bag of money containing \$420,000 during their getaway in a white jeep.

A Jewish policeman was wounded in the gunfight which accompanied the holdup and a bank official was smashed in the face by members of the robber band.

POLICE OFFICIALS said two of the extremists also were believed to have been wounded.

The attack on the armored car, which was loaded two sacks of money from Barclay's Bank in constant the Palestine Economic Corporation building across the street. This apparently was intended to distract attention from the holdup.

Witnesses said four men drove in a white jeep after the bomb explosion and tossed a hand grenade into the group of British constables guarding the armored car.

In the gunfight and exchange of which followed these constables were mortally wounded.

WITNESSES said accomplices of the robber band were inside the bank. There was an unusually large number of people on the street at the time.

Dr. A. S. Green, a prominent member of the extremist band, was believed to have been among the robbers.

When the robbers tried to force their way out of the bank, two

of the constables were killed.

Funeral services, in place of the planned big funeral, will be held at Beater's Hill, Saturday for little Carolyn Robb, slain today.

The four-year-old daughter of a railroad fireman, suffering from a brain cancer for the last two years and partially paralyzed, died yesterday.

For a while it thought would miss the party because the doctor has been here so much.

of the constables were more than 100 recordings of "Jesus Loves Me," which Carolyn had named as her favorite hymn.

Before she died, Carolyn, the only child of Mr. and Mrs. Clifford Robb, told her parents: "I'm happy because it's Christmas now."

Delhi Further Cuts Food Ration

NEW DELHI, Sept. 24. (Reuters) — A further cut in Delhi's food rations, which have already reached an all-time low level, was announced yesterday by the director of rationing. He initiated the food grain ration would be reduced from 12 to 10 ounces daily.

Never neglect bleeding gums

If your gums bleed even a tiny bit or are tender to touch it may be the first sign of gingivitis—a widespread enemy of the gum parts and, sometimes, can help, too, even over a decade. There is hope even if the gum parts are badly damaged. Just one of the many ways to help guard against gingivitis is to use a good toothbrush and brush twice daily with Borlind's Toothpaste.

YOU MAY HAVE GINGIVITIS

If your gums bleed even a tiny bit or are tender to touch it may be the first sign of gingivitis—a widespread enemy of the gum parts and, sometimes, can help, too, even over a decade. There is hope even if the gum parts are badly damaged. Just one of the many ways to help guard against gingivitis is to use a good toothbrush and brush twice daily with Borlind's Toothpaste.

Borlind's Toothpaste can remove this harmful film of bacteria from the first and original toothbrush for best massage gums and cleaning teeth. Just one of the many ways to help guard against gingivitis is to use a good toothbrush and brush twice daily with Borlind's Toothpaste.

Globe-Leduc

(Continued From Page 1)

tries under lease in the western area of the Leduc area. Two imperial wells were completed on production this week to bring their total production to 12 with two more coming in a few days will bring the field to 16 flowing wells.

"WE ARE SURE of another well now ready for completion and in announcing the No. 1 well we are moved an additional 10 feet down the hole and the aim of giving it every advantage of the zone."

During the Thursday test a 3,000-foot run of oil was measured after workmen got the wild fire under control. The gusher popped off after the 2nd length of drill pipe was lowered and it blew all oil over the head, requiring a shutdown until the early daylight hours due to the danger of fire.

The second success for Globe-Leduc now extends the proved area two and a half miles west and in all probability will pre-empt another rush of drilling on properties under lease in the western area of the Leduc area.

Yesterday Friday field report showed their Leduc No. 1 well continued at 1.06 feet. Next step will be casing and cementing preparatory to putting the fifth 10th length of drill pipe down the hole. The well is now 1,060 feet deep and the test was thought likely for this afternoon. No. 13 producer is also being drilled. The well is now 1,060 feet deep and the test was thought likely for this afternoon. No. 13 producer is also being drilled. The well is now 1,060 feet deep and the test was thought likely for this afternoon.

War a Disease

(Continued From Page 1)

Pat Romans when the strong nations acted to prevent such conflicts. The strong nations of the world must stand together now if future wars are to be eliminated, he said.

"Canada doesn't own me any more, but I own Canada a great deal. I think that should be the attitude of every soldier. I have served in all parts of Canada but I must say that I have liked Edmonton best of all."

"FEEL CERTAIN that Alberta will become the most popular of the provinces with the north developing and the south developing and the provinces proceeding with their development."

He said that the applications would be taken in the order of their receipt: Hungary, Italy, Romania, Bulgaria and Finland.

Zygmunt Modzelewski, raised the issue by proposing formally that the council give the same approval to all five ex-territory states.

Britain and the United States supported Italy but strongly opposed admission of the communist-dominated governments of Hungary, Romania and Bulgaria. They demanded a separate vote on each of the five states.

Annuitants Urged

(Continued From Page 1)

and economy" inevitably led to the creation of a "police state" that would be the end of freedom for all.

A 3-contributory annuity scheme should include "the young and the old," he said, and others who are not regular wage-earners.

"The government should do all in its power immediately to remove a growing worry from the public that another depression with widespread unemployment is coming to Canada."

Efforts to spread secondary education through Canada instead of letting it concentrate in Ontario and Quebec, will fail "without immigration, particularly from the prairies and the Maritime provinces."

And great support for Canada's armed forces. The only "military officer" he said, has been when I did not make myself clear."

"THE CIVILIAN committees set up in Alberta to assist the armed forces have been of great value and the general would like to see the war effort continued."

As to conscription for peacetime training Gen. Worthington said: "This is a democracy that is for the people to decide."

Gen. Worthington concluded his farewell press conference by thanking the Edmonton newspapers and radio station representatives for their cooperation.

"I found that by playing straight with the press they have never betrayed me. The press and the radio have given me great support."

Strike Creates Emergency

Agriculturists Await Government Decision

By Ervin Frick
KELOWNA, B.C., Sept. 26.—(CP)—Livestock producers in Canada, faced with reported "period of real emergency" because of the Dominion-wide packing house dispute, shortage of feed grains and the contemplated early removal of price ceilings on coarse grains, today were awaiting the federal government's reaction for the solution of their troubles.

"THE DIRECTORS of the Canadian Federation of Agriculture, an organization largely of farm groups claiming three-fifths of Canada's farmers as members, during the course of their three-day convention here urged the government to implement the following:

1. Put into effect measures of relief, "in quantity or otherwise," concurrent with the lifting of price controls on coarse grains.

2. Establish immediately a Dominion export control board to supervise the movement of livestock to the United States; the board accepted livestock at market price levels in effect at the time of the export of livestock to the United States for the purpose of the export of livestock to the United States.

They also urged the government to remove sales restrictions to the slaughter and sale of livestock in a community. They also urged the government to remove sales restrictions to the slaughter and sale of livestock in a community.

Red Setback

(Continued From Page 1)

By W.K. Hodgson, Australian delegate to the security council to find Russian satellites to U.N. member.

He spoke at an extraordinary session of the council after foreign minister, Soviet deputy Andrei Gromyko, had declared that Russia would not accept the council's decision to admit Hungary, Romania, Bulgaria and Finland.

Gromyko, sitting as council president for this meeting, said that each of the five ex-territory states would be taken up separately, since a majority of the council favored that procedure.

He said that the applications would be taken in the order of their receipt: Hungary, Italy, Romania, Bulgaria and Finland.

Zygmunt Modzelewski, raised the issue by proposing formally that the council give the same approval to all five ex-territory states.

Britain and the United States supported Italy but strongly opposed admission of the communist-dominated governments of Hungary, Romania and Bulgaria. They demanded a separate vote on each of the five states.

Canada Must Study Marshall Plan Role

By Ross Munro

OTTAWA, Sept. 25.—(CP)—In the weeks immediately ahead, Canada, which has already contributed nearly \$5,500,000 in various forms of aid to European countries, is going to be faced with the problem of what to do about the Marshall plan—if anything.

At the recent conference of the 16 European nations affected by this proposed aid plan, several references were made to "aid from North America," and this has set some authorities here wondering if these countries are expecting Canada to play a significant role in the scheme.

The United States, it is understood, has not approached Canada on the deal. Neither has Great Britain, and the whole situation regarding what attitude this country will take is very nebulous at present in Ottawa. But it seems likely careful consideration will be given the question on a high level.

The European request for more than \$19,000,000 in credits from the United States for the Marshall plan, a considerable portion of this amount could conceivably be sent to Canada, having needed supplies.

But it is possible Canada could not supply the specific requirements of the European countries.

It is doubtful whether she could meet large demands for such items as rolling stock, electrical equipment, pig props, railway ties, wheat and other foodstuffs, which would be high on any list.

This country has to consider its own domestic supply position and the contracts she already has to fulfill abroad.

But if Canada does not participate indirectly in the Marshall Plan as a supply nation, it is highly unlikely she will have any part to play for there appears to be very strong opposition here to making greater large credit loans to Europe—which would be the alternative method of sharing in the project.

The government financial records show that the last Canadian credit loan to be made in Europe was in June, 1946, when the Norwegian loan was extended to \$20,000,000.

Since that date all applications from foreign countries have been rejected, usually because of the general attitude of the financial people here obviously is against Canada going any further in advancing these credits.

This is understandable, considering the huge amount of money involved in the Marshall plan. The majority of this total was in outright gifts, with \$10,000,000 made available to the United Kingdom in 1946 to purchase goods and services in Canada and \$2,500,000 for the mutual aid program of 1945 for war and civilian supplies for the U.K. and the Soviet Union, China, France, Australia, India, New Zealand and the British West Indies.

In addition there was an \$18,000,000 gift of Canadian wheat for the relief of Greece before the war. The total of these credits is \$104,000,000. The United Nations Relief and Rehabilitation Administration over two years and \$200,000,000 in post-UNRRA relief.

And the rest of the total was in loans and repayable contributions. Under the Export Credits Act, \$84,000,000 in loans to European countries was authorized; military relief supplies \$20,000,000, and \$120,000,000 was advanced to the U.K. under the United Kingdom financial agreements act of 1946.

The \$294,000,000 in credit loans to eight European countries, with Norway getting \$30,000,000, Czechoslovakia \$19,000,000, Russia \$10,000,000, Netherlands East Indies \$10,000,000, Netherlands \$12,000,000, China \$60,000,000, France \$22,000,000 and Belgium \$10,000,000.

Ont. Liquor Laws Aid Tourist Trade

CHARLOTTETOWN, Sept. 25.—(CP)—American tourists enjoyed their vacations much more in Ontario this year because of the relaxation of the province's liquor laws, Tom McCall, deputy minister of the Ontario Department of Travel and Publicity, told the 12th annual convention of the Association of Tourist and Publicity Bureau here Wednesday.

His comment was included in a report on the tourist industry in Ontario. Six other provinces presented brief accounts on the same subject while Quebec and Manitoba were not represented.

McCall said that it was a "tragedy" to the tourist industry that Labor Day fell on Sept. 3 and that if the holiday had come two weeks later the business could have grossed another \$100,000,000 in Canada.

Alberta's Dan Campbell, whose report was read in his absence, said there had been marked improvement in catering services in that province this year and facilities of parks were better. More than \$60,000 had been spent on advertising including use of radio stations in four states. Increased directional information services were needed.

Fire Insurance May Be Cancelled

HARRISON, B.C. Sept. 25.—(CP)—Cancellation of fire insurance in the Kootenay boundary centres where Douglas fir incendiaries have destroyed schools and other public buildings here Wednesday as the annual convention of the School Trustees' Association came to a close.

The average forest township has a thickness of about seven inches.

Hi, Yapak!

Yep, this is a yakpak. What is a yakpak? Well, it's a Central American word which for white men have ever seen. This specimen, a female, first ever to be exhibited alive, is a new one to the Bronx Zoo in New York. It's about 12 inches long, has silky gray fur, a 14-inch tail, webbed hind feet and webbed front ones, and a dumbbell-shaped black marking on its back.

The yakpak, which has been under development for 25 years, is being supplied by the department of Indian Affairs in an effort to decrease the number of tuberculosis victims among the Indians. It has been estimated that, while the Indians total only one per cent of the population, they account for 30 per cent of the deaths from tuberculosis.

The Alberta Tuberculosis Association has helped the Dept. of Indian Affairs in this effort, with a grant of \$2,500 which will buy a portable X-ray machine to be used exclusively in Indian work.

British Protest

LONDON, Sept. 26.—(Reuters)—Britain has sent a strong note to the Bulgarian government protesting against the execution of Nikola Petkov, former leader of the

Ohio Firm Seeks Canol Pipeline

WASHINGTON, Sept. 26.—(AP)—The state department is negotiating with an Ohio firm seeking to purchase a section of the Canol oil pipeline in Canada's far northwest but no sale has been made, an official said yesterday.

An assistant to Donald H. Connors, commissioner of the department's office of foreign negotiation, told a reporter negotiations are being carried on with the Kulkas steel equipment Co., Alameda, Calif.

Involved is a 37-mile crude oil pipeline, with equipment, running from Norman Wells, N.W.T., to Whitehorse, Yukon.

This official said that the company, in which the O'Sullivan Construction Co. of Lethbridge, Alberta, is a partner, at one point made a \$300,000 down payment in connection with an offer.

The offer was later rejected as not satisfactory to the office of foreign negotiation, he added, so the payment is not being returned.

Bids on the project were asked for by the state Sept. 5. Connors announced that all 23 received were rejected as being too low. He said that the state would be negotiating.

The Canol refinery at Whitehorse already has been sold to the Imperial Oil Company of Canada for \$1,000,000.

Opposition Agravant Union party, a foreign office spokesman announced yesterday.

Red Deer Naturalist Defends Some Hawks

RED DEER, Sept. 26.—"All hawks are not bad," according to an article appearing in an eastern magazine from the pen of Kerry Wood of Red Deer, widely-known naturalist and writer, under the title of "Protect Those Predators."

IN HIS ARTICLE Mr. Wood points out that research by government ornithologists has discovered the true value of the hawk family. He stressed the importance of learning to distinguish between the good and bad hawks.

Owls are also dealt with. Most of them are beneficial, although some, the great horned owl, is definitely a bad actor. Crows and magpies and efforts to control them are discussed.

The writer rates the magpies as a worse pest than the crows. Destructive work of mice and gophers are dealt with in some detail.

IN SUMMING UP control measures Mr. Wood says in part: "The most sensible control system we can devise is to give our valuable predatory birds the greatest light to go ahead and prey on their natural food-victims, the pestilence mice and gophers. By protecting useful predators, we are protecting our own economic interests, now and for the years to come."

In addition to magazine writing and radio talks, Mr. Wood is author of two nature books.

Requiem Mass Held
WETASKIWIN, Sept. 26.—A requiem mass was held recently in the Sacred Heart church by the Rev. Father J. R. MacDonald for the late Michael Clair, who came west in 1913 and settled in the Kerrobert district. He was 80 years old. Mr. and Mrs. Clair came to Wetaskiwin to live with Mr. and Mrs. H. A. Newer, their daughter five years ago. Survivors are Mrs. Clair, Mrs. J. O'Keefe, Battleford, three sons, Edward, of Speers, Sask., Hubert of Radisson, Sask., and Michael of Leduc.

Celebrate Birthdays
FERINTOSH, Sept. 26.—Birthdays of Mrs. Lawrence Tjorheim and of Stanley Tjorheim were celebrated jointly at the Tjorheim home at Meeting Creek recently. Forty-one guests were present, many of whom motored from High-

defeated C. Waddell, and P. Webb defeated L. Brown in the consolation. Second flight: Mike, R. Laver defeated L. Brown, consolation was won by F. Smathers when he defeated R. Miller. Third flight: Mike, L. Ray defeated R. Lotocki, and L. Miller defeated R. Thomas to win the consolation.

Fund Enriched
RED DEER, Sept. 26.—The Red Deer Agricultural Society will present a concert for \$200 to the Red Deer and district War Memorial Fund as a result of selling tickets for the fair at the fair in August. The sale was donated to the society by Thomas Blaine, Red Deer district stockman. He was the eighth calf he had donated to worthy causes in the last eight years.

A report on the meeting of the Western Canada "B" Fairs Association at Prince Albert was given by Vis Brockman at a recent meeting of the fair board. Most of the fair had a good year, he said, although attendances had been down at many of them.

Editors At Convention
RED DEER, Sept. 26.—J. Galbraith, editor of the Red Deer Advocate, is in Victoria, B.C., attending the annual convention of the Canadian Weekly Newspapers Association. He is past president of the Association, and is present chairman of the editorial committee and member of the board of directors.

New King President
VEGREVILLE, Sept. 26.—Steve Pawlak was installed as new president of the Vegreville Kiwanis Club for the ensuing term, as more than 60 members and friends attended the annual meeting held here recently.

Other executive officers were: vice-president, Walter Dubois; secretary, John Koshak; and treasurer, Clifford King. Past President George Warren gave a report on Kiwanis activities during the last season. He outlined that all funds raised were being held for the purchase of equipment, which is to be installed in the new playground.

He advised the gathering that when the new playground has commenced, and that 5000 has been allotted for equipment.

To Hold Clinic
STETTLER, Sept. 26.—E. J. Kibberville, provincial psychiatrist, will be in town for his first visit in October to conduct a child guidance clinic. Teachers or parents with problems are to get in touch with the clinic before the time of his visit.

The following students at Stettler high school have attained high school diplomas for the last term: June Annable, Eric Boulton, Lois LeDraff, Pauline Falkenberg, Betty Gaines, Allen Kaufman, Jeanette Latham, Arlene Melvor, Astrid Orr, Rudolph Tjornan, Jack Jensen, Ernest Ullman, Kenneth Ullman, August Heits, Eleanor Mandy and Blanche Riggins. Joan Thomas has been awarded the Frontenac Chapter IOOF prize of \$10 for highest standing in Grade 9.

Hockey Star Welcomed
RED DEER, Sept. 26.—Eddie Wiseman, well-known professional hockey player, has moved to Red Deer and will make his new home here. He has become a partner in a local insurance branch, and his previous experience in this field will be valuable to the firm. Hockey fans who have followed him with the New York Americans, Detroit Red Wings and Boston Bruins, will welcome him to Red Deer. Wiseman is expected to join his husband here soon.

IOOE Meet Recently
VEGREVILLE, Sept. 26.—The first annual meeting of the Major Chapter IOOE, was held recently at the home of Mrs. J. C. Campbell. Mrs. G. Strong assisted with arrangements.

Plans were laid to hold the annual apple sale on Oct. 4. Further contributions were made to the War Memorial Scholarship fund, and the chapter voted to continue the practice of presenting IOOE calendars to the Vegreville public, high and separate schools.

Polio Victim Better
BATHAW, Sept. 26.—Word was received recently that Alan Dahl, 4-year-old son of Mr. and Mrs. Warren Dahl of Edmonton, who was rushed to hospital and was found to be ill with polio was improving greatly.

Alan had been spending the summer here with his grandparents, Mr. and Mrs. H. J. Dill, when he was taken ill. The doctors found his condition was not serious and was a fairly light attack.

Apple Day Saturday
WETASKIWIN, Sept. 26.—The Kiwanis Club are holding an "Apple Day" on Saturday, Sept. 27, with James Montgomery acting as convener.

The Kiwanis Club is holding a carnival Oct. 2 to 4 in the curling rink. Funds will be used to promote the youth movement in the city.

E. A. Reynolds, R. Pahal, James Montgomery, H. R. French and T. H. J. Grierson were named a committee to nominate the slate of officers for the Board of Trade at the Oct. 13 meeting for election.

No Serious Injuries
STETTLER, Sept. 26.—The Stettler-Drumheller bus was involved in an accident near here recently, when it turned over in a ditch, containing approximately four feet of water. No one was seriously injured, but passengers and the driver suffered severe shock. One passenger was taken to the Stettler Municipal hospital.

Tag Day Success
SYLVAN LAKE, Sept. 26.—The carnival and tag day in aid of the Canadian Institute for the Blind, sponsored by the IOOE and the Girl Guides raised \$200 for the institute fund recently. Mrs. A. S. McClean acted as treasurer.

Teachers To Convene
RED DEER, Sept. 26.—Intermediate School at Red Deer will be the setting on Oct. 9 and 10 of the annual convention of Ponoka, Lacombe, Rocky Mountain House and Red Deer divisions of the Alberta Teachers' Association.

President is S. W. Hooper, Stettler, and H. B. Rogers, Red Deer.

Fine Fit for Fancy Feet

No, little Wayne Giacalone, 3 1/2-year-old Chicago lad, hasn't got feet that big. He's trying on a pair of new shoes for size, and finds he's got a little room for toe-wiggling purposes. You can rent a pair of these for \$10 to \$15 a week, but why bother?

is secretary, Mayor Harvey Halliday will welcome the teachers on behalf of the city of Red Deer.

Lodge Entertains
WETASKIWIN, Sept. 26.—Members of the Eastern Star Lodge were hostesses to 75 members and guests in their club room. Worth Matron, Mrs. O. Erick, officiated.

Annual visit to the club was made by worthy Grand Matron for Alberta, Mrs. Mary Keohane of Medicine Hat. Fifty delegates from Edmonton, Camrose, Red Deer and Lacombe attended the meeting.

It is only six minutes by plane from Dover, England, to Calais nearest port in France.

Tantalum Cargo Awaiting Boat

First shipment of tantalum concentrates from the Staffany Tantalum-Beryllium Mines Ltd., on Lake Athabasca, 70 miles east of Yellowknife, is now awaiting boat transportation at Yellowknife and Edmonton and a refinery in the east.

This was announced here Thursday by Gas De Staffany, president of the Staffany Tantalum-Beryllium Mines Ltd. Mr. De Staffany said he planned to fly north Friday to supervise shipment of the concentrates south on the last boat of the season from the north. He was not sure how much was in the first shipment turned out at the concentrating mill at the mine which has been operating on a single shift basis since Sept. 1.

Tantalum is an ore that has become of world importance because of the development of jet engines for aircraft.

The heat resistant qualities of the ore make it admirably suited for construction of engines where great temperatures are developed and in weapons of modern warfare.

There have been rumors of late of the federal government establishing a refinery for the ore in Edmonton, but no announcement has as yet been made.

It is only six minutes by plane from Dover, England, to Calais nearest port in France.

Attlee Confers With De Valera

LONDON, Sept. 26.—(Reuters)—Prime Minister Attlee's private talk here yesterday with Eire's Premier De Valera on dollars, food and coal is expected to be followed by a further trade conference of British and Irish ministers in about two weeks. It was learned last night. Thursday's meeting between Attlee and De Valera, earlier expected to take the form of a full-dress ministerial exchange on the lines of last Friday's conference on the extension of Anglo-Irish trade relations, was a 40-minute private, friendly chat. Authoritative sources said the two premiers had a general talk on trade between two countries, but there was no fixed agenda. They took up certain points which had arisen at conferences of Anglo-Irish officials since the ministerial exchange Friday.

During the war, vast quantities of food were shipped to the Irish through Saint John. The main exports were flour, fish and lumber.

In the six months ended June 1 of this year, Canada sold \$64,284,000 worth of goods to the islands. Maritime areas are expected to be hard hit by the reduction of exports including fish, apples, lumber, potatoes and hay.

There are about 1,100 known tributaries of the Amazon River.

Tot Killed
CALGARY, Sept. 26.—(CP)—Garry Diegel, 18 months, was killed at 11 a.m. Thursday when the rear wheel of a milk truck driven by Benton H. Brown, Forest Lawn, ran over him as he played in front of his home. The boy's death brings to 14 the number of fatal traffic accidents this year.

Fear Sharp Slump In Indies' Trade
SAINT JOHN, N.B., Sept. 26.—(CP)—Shoppers at this port, while keeping their fingers crossed, fear a sharp slump in export trade to the West Indies.

This trade was brisk last winter, and prospects for the forthcoming winter months had been encouraging until the island colonies decided upon drastic restrictions to conserve this currency.

Although export of some foodstuffs may continue to the islands under government priority, Saint John agents and other shipping officials feel the restrictive measures are bound to have an adverse effect on the business of this port. Halifax will be affected similarly.

During the war, vast quantities of food were shipped to the Indies through Saint John. The main exports were flour, fish and lumber.

Cards Finish Second By Throttling Pirates

NEW YORK, Sept. 26. — (AP) — St. Louis Cardinals, beaten in their attempt to retain the National League championship, clinched second yesterday by sweeping a doubleheader from Pittsburgh Pirates 3-5 and 3-1.

The Cardinals now have a four-game lead over Boston Braves who lost 3-1 to New York Giants. Both teams have three games to play. The Braves are not even certain of third place which they hold by 2½ game over the Giants, with the New Yorkers having four games left.

In the only other game in the majors, St. Louis Browns, with Jack Kramer yielding the hits, put a dent in Cleveland's bid for second place in the American

Bulletin Wins Newspaper "Tiff"

The Edmonton Bulletin baseball crew whacked out an 11th decision over the Edmonton Journal crew at Kingsway last evening. The winners unopposed a strong eighth inning attack in the first two games and reached victory thereafter.

SINGLE BUNKS in the first and fourth, and twin tallies in the second and fifth were the best the Journal crew could do. The Bulletin squad added one run in the fourth and two in the fifth to add to their margin of triumph.

Bernie Staley slugged three hits off Pappas's plate from the Journal trench to pace the Bulletin at the 1-0 mark.

LEFT FIELDER V. Mayson was the best for the losers, cooking three hits, one a double in the fifth.

MURRAY DICKSON won his 15th game in the opener, Gerry Blakey, recalled from Columbus recently, held the Pirates in check with eight hits in the nightcap.

Big John Blair rapped out his last home run of the season to the Ralph Kiner of Pittsburgh for the major league lead to lead Giants to victory as rookie Larry Dandridge spaced seven hits for his first win.

WALKER COOPER, Giant catcher, aiming for Gabby Hartnett's record of 37 home runs for a catcher, smacked his 35th four-bagger.

THE NATIONAL League champion Brooklyn Dodgers swept both ends of a synthetic double header from the Philadelphia Phillies 7-0 and 5-2. The first game was a completion of the Aug. 17 game which was halted by the curfew at the

Hearings Open October 9

Many Will Testify
Sex Murder Cases

WINNIPEG, Sept. 26.—(C.P.)—At least 50 witnesses are expected to be heard during the two preliminary hearings of alleged Angelo Vesco, of Port Arthur, charged

with the sex murders of two 13-year-old Winnipeg boys, Roy Owen McCreary and Robert George Smith.

DATE FOR the first preliminary hearing was set yesterday at Oct. 9 when Vesco made his eighth appearance in city police court since his arrest Aug. 8.

The arrest followed a police search for the slayer of the two boys. Vesco was killed Jan. 13, 1934, and Smith on Sept. 15 of the same year, which extended across both Canada and the United States.

Police witnesses following the arrest said that they had a conversation with Vesco on both occasions after allegedly tracing his connections with the crime through a revolver and by officials to have fired the bullets which ended the boys' lives following innocent acquaintances.

THE REVOLVER was seized by police at the Lakeside following an armed robbery in Port Arthur for which Vesco was sentenced to three years imprisonment.

Crown Prosecutor O.M.M. Kay asked for jury trial at the preliminary.

Story Behind Coroner's Report

Unwanted Because of Big Family,
Happy-Go-Lucky Little Man Dies

CHICAGO, Sept. 26.—(AP)—"Raymond Thill, 41, of 401 Ravenswood avenue, hanging. Found in moving van of Devon Storage Company at rear of 7128 North Clark street, Rogers Park police."

That's the way the coroner reported the passing of Raymond Thill in his records yesterday, but here is the story that Thill's friends tell.

Thill was a happy-go-lucky little man with a big family, his wife and six children, had rented a home in Rogers Park unit last spring.

One day the Thills were visited. Four other children, Margaret, 8, Elaine, 7, William, 6, and John, 4, were sent to a children's home and the fifth, Raymond, Jr., 20, went to live with relatives.

In his part time work for the van company Thill hauled the belongings of more fortunate renters to and during off hours sought out landlady.

"Six children," they'd exclaim. "The door would slam in his face."

When the time came for young Raymond to return to the flat as the boy would be with his mother, Thill moved over to the storage company each night

Wants Room With Running Hay

You've heard about the cattle lobby? Well, this is lobby cattle. Jack Andrews, assistant Henry, his check in at a Philadelphia hotel, takes the whole thing in his stride.

any hearings he will not appear for trial before the spring session.

Decision to hold separate preliminary on the two charges was determined shortly after Vesco's arrest. With Defence Counsel Harry Walsh appearing the first

preliminary to last up to four days is considered unlikely that the second will be held before the fall session which opens next month.

IT WAS NOT decided yesterday whether the two cases will be heard at the first hearing.

and slept in a parked van.

Yesterday, the received word from the children's home that when he found a place for them by Oct. 15 the home would be compelled to go into

court and have them dereed abandoned.

The little man visited with his friends last night, then went to the van where he slept.

The coroner knows the rest.

Canada Airlines
Scorched at Meet

CHARLOTTETOWN, Sept. 26.—(C.P.)—Canadian airlines got a severe thumping and Canadian boats escaped by a speech's breath here last night as the Canadian Association of Tourist and Publicity Bureau concluded its three-day annual convention.

In two approved resolutions the association said airlines should immediately rectify "inadequate and unsatisfactory" ground facilities "in certain places" and take steps to improve poor terminal facilities.

At that, these resolutions were watered down before passage, giving rise to a short, unbecomingly delicate: "Why pass that?"

A resolution "directing the attention of the executive of the Canadian Hotel Association to the serious effect upon Canada's hotel industry of the apparent widespread practice of hotels failing to honor confirmed reservations" was withdrawn after an impassioned plea by Dalton J. Caswell, vice-president of the Canadian Hotel Association.

He said hotels were aware of faults in the system of reservations and that they were doing everything possible to correct them.

Women's Feet
Get Healthier
All the Time

TORONTO, Sept. 26.—(C.P.)—Foot trouble is on the increase among men but women's feet were never healthier. It is the opinion of J. J. Gorosh, Vancouver, chiropodist attending the meeting of the Dominion Association of Chiropodists which opened here yesterday.

Around 1910, men walked a lot more than now and their feet were kept in shape. On the other hand, women, who used to spend most of their time in the home, are getting around more. More shoe wear is now taken a size six shoe was rare in those days, size 11 is not uncommon now.

And the best time of day to buy a pair of shoes is after 3 p.m. "A woman who buys a pair of shoes at 11 in the morning is going to find them uncomfortable at 4 p.m.," said Mr. Gorosh.

And the best time of day to buy a pair of shoes is after 3 p.m. "A woman who buys a pair of shoes at 11 in the morning is going to find them uncomfortable at 4 p.m.," said Mr. Gorosh.

Abbott Confers
On U.K. Crisis

LONDON, Sept. 26.—(C.P.)—Finance Minister Abbott conferred yesterday with Sir Stafford Cripps, president of the Board of Trade, on means of alleviating the dollar shortage crisis. The talks culminated a series of discussions the Canadian cabinet minister has held with British government leaders on this topic.

Following the meeting neither Abbott nor Sir Stafford would comment.

The urgency of Canada's own financial problems has been placed before British leaders by Abbott during his three weeks in London. British authorities now are reviewing the export program with new severity. Part obligations, consideration for old customers and essential needs of buyers who could not obtain supplies elsewhere have resulted in goods wanted by the dollar area going to sterling countries.

The new direction of some of these exports started last year and more went to Canada and the United States to earn dollars in sales of production losses due to the first shortage early this year, sales of apparel to Canada in eight months of 1934 rose to £1,350,000 compared to £900,000 last year. Sales of pottery and glassware reached £2,500,000 against £1,000,000 last year.

WHAT TO DO IN ORDER TO WIN A PRIZE DESCRIPTION OF CONTEST

- Beginning Saturday, September 29, 1947, one drawing will appear each day in The Edmonton Bulletin. This drawing will represent a town, village or place in Alberta.
- Lists will be published in the paper underneath the contest drawings giving the names of places from which the drawings will be selected, and it will not be necessary to use maps or an atlas in connection with the contest. The published lists are all that is required, and you are strongly recommended to cut out these lists each day and keep them, together with the puzzles, as they will be found very helpful in solving the puzzles.
- Clues will be contained in each drawing as to the correct answer. These clues may consist of phonetic spelling of the name of the place, a situation depicted in the picture which suggests either part or whole of the place, or some other indication which will help in solving the answer.
- The correct answers will be easy to find if you follow the clues, but study each puzzle carefully. Do not try and make an easy answer difficult, but on the other hand, each picture should be carefully studied so that you will not miss any indications in it which point to the correct answer.
- All drawings are intended to test your skill and ingenuity, and not to try and trick you.
- The contest will be divided into two classes, namely adults, and children under fourteen years of age. Each class will be judged separately, and different prizes awarded in each class. Children naturally, will not be expected to solve all of the puzzles, and for this reason, they have their own class where they are not in unfair competition with adults. Children under fourteen years of age will not be eligible for prizes in the adult class, and of course, adults will not be eligible for prizes in the class for children.
- Adults and children will be allowed to submit as many entries as they wish so long as each entry is accompanied by a complete set of puzzle drawings or reasonable facsimiles of same. Please pay particular attention to notice on this page headed "Shortage of paper".
- Full details of how to send in your entries will be published at the end of the contest. All puzzles must be held until that time and not forwarded to The Bulletin office until requested to do so. Entries received at this office before the official date for sending them in will be disqualified.
- Lists of the names of the cities, towns or places from which the drawings will be selected will be printed each day until the list is exhausted. Approximately thirty lists will be published. These lists will be numbered, and you are strongly recommended to retain these lists with your puzzles as most of the puzzles will indicate what list or lists the correct answer may be found in.

PRIZES

Prizes will be awarded by The Edmonton Bulletin in accordance with the published schedule of prizes to those contestants who achieve the highest scores. All puzzles score the same number of points for correct answers.
NEATNESS DOES NOT COUNT, DO NOT INCURR YOUR ANSWERS.
Legibility of answers is essential but this merely means writing or typing your answers so that the judges may be able to read them. In case two or more contestants are tied for a certain prize, just what particular prize each contestant may be entitled to will be determined by submitting to each tied contestant a set of tie-breaking puzzles, and if necessary, a second, third or fourth set of tie-breaking puzzles.
Prizes will be awarded on the basis of the highest scores, in accordance with the scoring regulations governing such puzzles. At the discretion of The Edmonton Bulletin, contestants may be required to solve tie-breaking puzzles, without assistance, in the office of The Edmonton Bulletin.
In case of final ties, prizes will be divided amongst the tie-breakers. Spelling of places as published in daily lists will be official for contest purposes.

TIME OF CONTEST

The contest will start on September 29, 1947, and the last drawing will appear on February 28, 1948. Full details will appear after that date as to sending in entries, and you are once again reminded not to send in entries until requested to do so. This contest has been timed to provide entertainment during the winter months, and in addition, to provide everyone with an equal opportunity of winning valuable cash awards.

ELIGIBILITY

The Edmonton Bulletin "Know Your Alberta" contest is open to all residents within the Province of Alberta and the B.C. Block of the Peace River District, and also all residents of the N.W. Territory.
There are no entrance requirements nor any qualifications for participation in the contest other than those regarding age and residence.
Employees of The Edmonton Bulletin and members of their families will not be eligible for any prizes. No person may win more than one prize.
Original drawings as published in The Edmonton Bulletin or hand made facsimiles of the drawings will be accepted. Drawings produced by the use of some multiple process, such as mimeograph are not acceptable.

Enquiries Concerning the Contest

The Contest Editor will answer all letters addressed to him concerning the contest provided the questions do not relate to clues for finding the correct answer to any puzzle. Telephone calls or requests for personal interviews will be rejected.

SHORTAGE OF PAPER

Do not be disappointed, but act now and telephone 26121 or 21378, Circulation Department, and order your papers for delivery or if you live out of town, mail in your subscription today, or place your order with the local delivery carrier. Actual paper shortage forces us to publish this notice as we do not want anyone to be disappointed.
Paper is still in very short supply. It will not be possible to retain many back copies of the paper for sale. To accommodate any readers who may lose individual drawings, a limited supply will be printed and sold for five cents for each drawing as long as they last, but you are urgently requested to place your order for the number of copies you require of each days paper as we cannot guarantee delivery of these drawings.

TERMS AND CONDITIONS

Any person, by entering this contest, agrees and understands that it is a contest of individual effort and that the buying or exchanging of answers automatically disqualifies such contestant from winning a prize.
Any adult contestant, as a condition precedent to being awarded a prize, will be required to sign and execute under oath an affidavit attesting that he or she has not bought or exchanged answers to the contest.
Children will be required to execute a similar instrument but not under oath.
Each contestant agrees to accept as final the decision of The Edmonton Bulletin on all matters affecting the contest, including the judging of answers, the establishment of time limitations, disqualification for any cause deemed necessary, the interpretation of these rules and any regulations that may be announced by the officials of this contest. No answers will be returned.
Entries that are unsigned or illegible will not be considered, nor will The Edmonton Bulletin be responsible for entries or communications lost or unduly delayed in the mail.
ANSWERS TO PUZZLES IN THIS CONTEST ARE KNOWN ONLY BY THE CONTEST EDITOR AND ANYONE OFFERING FOR SALE OR OTHERWISE ALLEGED ANSWERS TO THIS CONTEST IS MERELY OFFERING HIS OWN IDEAS OF WHAT THE CORRECT ANSWERS MIGHT BE.

Express Concern

LONDON, Sept. 26. (AP) — Authoritative Whitehall sources said yesterday France had expressed concern to Britain and the United States over the new British-American arrangements for the future of the Ruhr coal mines. The French were said to be concerned particularly with the plan to install Germany to manage the mines and over the future of those mines in which the French hold interests.

The biggest diamond found in South Africa was the "Cullinan" which weighed about 3,106 carats.

AT ALL Grocery Stores

PACKINGHOUSE WAGES

The strike of packinghouse employees of the six plants of Burns & Co. Limited is now in its third week. When discussions opened on the question of a wage increase in the recent negotiations for a renewal of the labor contract between the United Packinghouse Workers of America, a C.I.O. Union, and the Company a strike was the result. This could have been avoided by conciliation as proposed by the packers and refused by the Union at the time negotiations broke up, and employees could have gone on working while the question of a wage increase was being settled.

PRESENT WAGES

The scale of wages for male plant employees is 73½¢ to \$1.21½¢. The average hourly earnings and average annual earnings of employees are:

	Per Hour	Per Annum
Male	90.3c	\$2,019.00
Female	69.9c	\$1,526.00

90% of all plant employees earn more than the minimum rate, the average of male and female being 85½¢ per hour or \$1,900.00 per annum. This is in excess of the average wages paid in Canadian industry.

- In addition to the foregoing wages our employees receive:
- (a) Annual vacation with pay up to three weeks based on length of service.
 - (b) Eight Statutory holidays with pay.
 - (c) Hourly paid employees are guaranteed 37½ hours pay out of a 45-hour week regardless, whether or not they actually work the 37½ hours.
 - (d) Rest period of ten minutes each in the morning and afternoon.

These additional privileges represent a further cost of at least 8c per hour or \$175.00 a year for each employee.

INCREASES ALREADY GRANTED

From 1939 to December, 1946, wage rates for plant employees in our Company have increased 71%.

In the same period wage rates in industry throughout Canada have increased 54.6%.

WAGES BEING DEMANDED

The Union has demanded wage increases of 19c an hour for males and 17c an hour for females. This would make the average earnings per employee:

	Per Hour	Per Annum
Males	\$1.09	\$2,437.00
Females	.87	\$1,900.00

These demands are exorbitant and far in excess of the average wages paid in Canadian industries. Their payment would mean an increase of \$1,100,000.00 in cost to this Company.

Who will bear this cost?

It cannot be the Company, because our profit last year was only \$234,000.00 in packinghouse operations.

Therefore the cost must be borne by you, the Consumer and Producer.

BURNS & CO. LIMITED

The accompanying chart shows the distribution of the Company's income from packinghouse operations. No one could possibly say that our profit of 35c out of every \$100.00 of income permits of our absorbing such additional costs as represented by the Union's demands for increased wages.
